ALPINE

Investment profile

The Alpine is an owner-managed Swiss real estate company. Our core business is the development of land and existing properties as well as the planning, construction and management of modern commercial, office and hotel buildings. Our existing properties include several office properties and development plots, especially in the Berlin Brandenburg Airport Region.

We pride ourselves on being a very fast and, above all, straightforward business partner with sufficient equity capital.
A first assessment is based on the address, the tenant list, floor plans and price. We are unbureaucratic, closing-oriented and discreet.

We look forward to your purchase offer to **angebote@alpine-immo.de**

Building plots with or without construction law and project development (main focus Berlin Brandenburg Airport Region)

Commercial buildings (office, hotel)

Residential properties (multi-family houses , residential complexes, residential commercial buildings)
